***Why You Should Only Choose A Gold Accredited Master Electrician***

Dear Valued Client

As you are a valued customer of Ezisparki, we are happy to inform you that we have recently been Accredited as Gold Master Electricians. Master Electricians is a program that accredits experienced electrical contractors who are committed to delivering the highest standards of quality, electrical safety, energy advice, and service integrity.

For you as a valued customer of Ezisparki, this means that you can be assured of the highest standard of service and electrical work from us, as always. Additionally, as Master Electricians, we commit to providing you:

- A 24-month guarantee on all electrical work
- The highest levels of service and safety
- Up-to-date advice on energy efficiency
- Their integrity towards their craft is not open to compromise and they offer high degree of expertise. The Master Electrician does not become one by some random method of selection. He has to pass various tests where he is judged for his workmanship and maintenance of safety standards.
- It is important for him to abide by a strict code of ethics.

To become Gold Master Electricians, Ezisparki underwent a stringent safety and quality audit. We will also be monitored, including undergoing compulsory annual audits, to ensure that we maintain and uphold the Master Electricians standard.

As a reminder, for your safety and peace of mind, always use an Accredited Master Electrician such as Ezisparki, for electrical work around your home or business. If you would like more information about Master Electricians or to provide some feedback on us, or the program, visit the website at [www.masterelectricians.com.au](http://www.masterelectricians.com.au).

Yours sincerely,

Ezisparki  
Accredited Gold Master Electrician
